Issues Explored

Fundraising

We want to fundraise but dont know what for

Children's Rights Area

Not enough lessons

There is no space for a calm area

Not enough information around the school

More children to be aware

Teacher/pupils always read worry box comments that have been posted- if you have a box in the children's rights area the little voices group can take charge and make decisions on how to deal with what has been posted in the box.

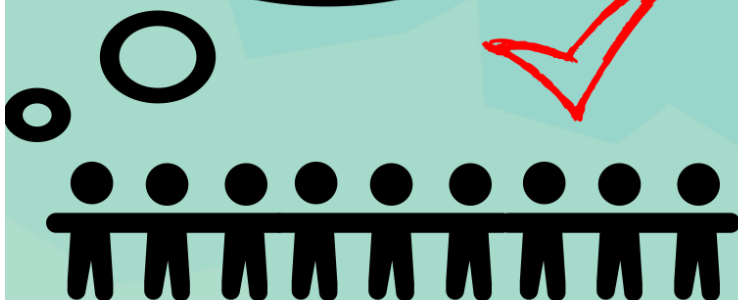

We voted to develop a Children's Rights Area for our project

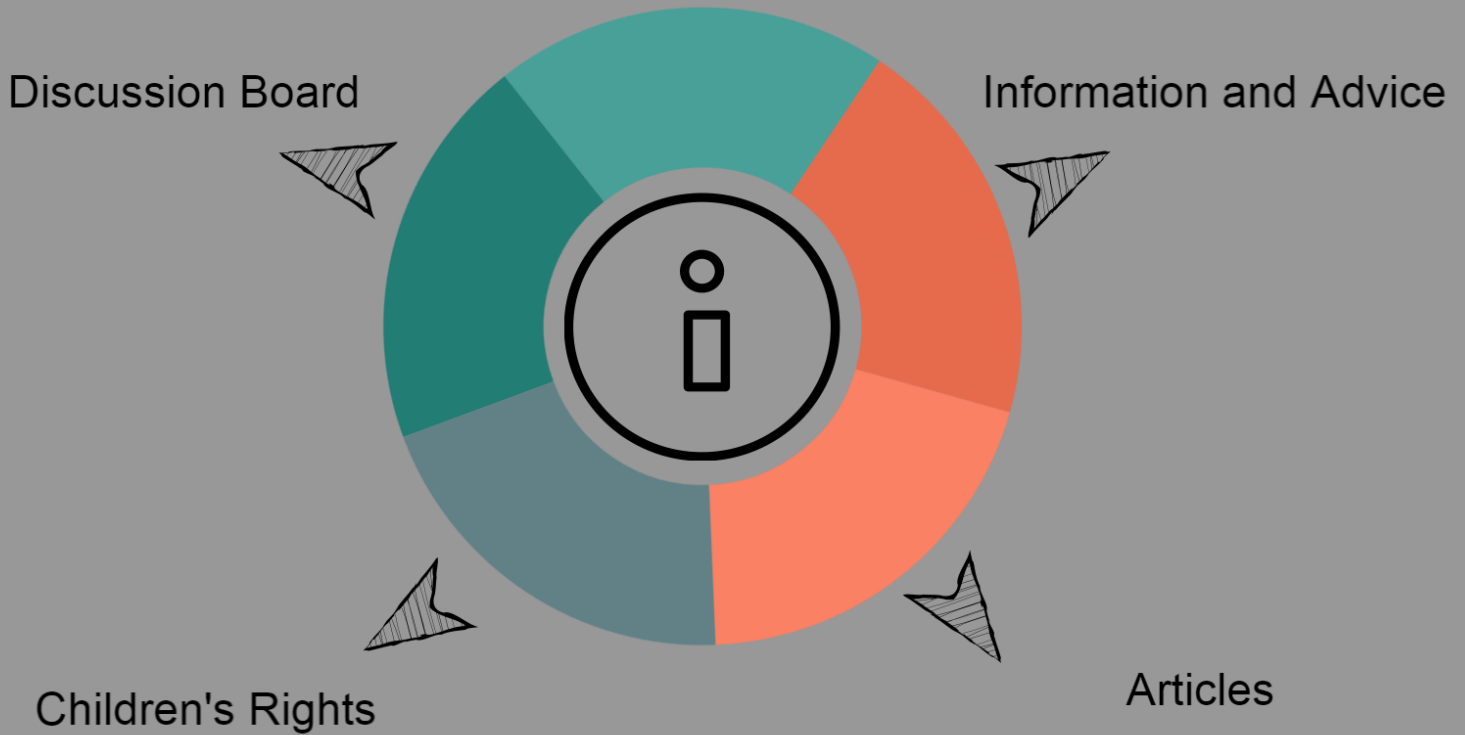

What we found out:

Children thought having a rights area was a good idea

What information do you want in the rights area?
